# MOVING DAY PREP

CHECKLIST

PLAN FOR  
YOUR MOVE

## Once that signature is secured on the dotted line, it's time to kick-start the preparations for your big move.

After putting effort into cleaning your home for showings and the sale, it's time to prepare for your move in an organized and efficient manner. Begin by going through each room in your home and conducting a quick assessment to identify items you can declutter. If you're downsizing or upsizing, be ruthless in eliminating unnecessary belongings to avoid dealing with them at your new residence. To help you get started, here's a handy mini-checklist:

- **Living Room:** Declutter and organize furniture, electronics, and decor.
- **Dining Room:** Streamline tableware, serving dishes, and dining accessories.
- **Kitchen:** Sort through cabinets, pantry, and appliances, discarding expired or unused items.
- **Home Office:** Sort through paperwork, shred or digitize documents, and organize office supplies.
- **Bedrooms:** Clear out closets, drawers, and bedside tables, donating or disposing of items you no longer need.
- **Additional Rooms or Storage Areas:** If applicable, tackle any extra rooms or storage spaces, following the same decluttering process.
- **Bathroom:** Dispose of expired toiletries, declutter countertops, and organize cabinets.

# TIPS & TO DO

## **Pack Early:**

Start packing your belongings well in advance of the moving day to avoid last-minute rush and stress.

## **Disconnect Appliances:**

Unplug and disconnect any appliances that need to be moved, ensuring they are clean, dry, and ready for transportation.

## **Label Boxes:**

Clearly label each box with its contents and the room it belongs to. This will make it easier for the movers to handle and place them in the correct locations.

## **Clear Pathways:**

Ensure clear pathways in your home or office to facilitate smooth movement of furniture and boxes. Remove any obstacles or tripping hazards.

## **Secure Fragile Items:**

Wrap delicate and breakable items with protective materials, such as bubble wrap or packing paper, and clearly mark them as fragile.

## **Communicate Special Instructions:**

Inform the moving company about any specific instructions, special handling requirements, or unique circumstances related to your move.

# TIPS & TO DO

## **Keep Essentials Separate:**

Pack a separate bag or box with essential items you'll need immediately upon arrival, such as toiletries, a change of clothes, important documents, and basic kitchen supplies.

## **Confirm Parking Arrangements:**

Ensure that there is adequate parking space available for the moving truck near your current and new locations. Make necessary arrangements or obtain any required permits in advance.

## **Stay Organized:**

Keep important documents, contracts, and contact details related to the move in a safe and easily accessible place.

By following this checklist, you can help ensure a smooth and efficient moving day with Manic Movers!
